Elementary Illustrations of the Differential and Integral Calculus (Classic Reprint)

By Augustus de Morgan

Forgotten Books, United States, 2016. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Elementary Illustrations of the Differential and Integral Calculus The publication of the present reprint of De Morgan s Elementary Illustrations of the Differential and Integral Calculus forms, quite independently of its interest to professional students of mathematics, an integral portion of the general educational plan which the Open Court Publishing Company has been systematically pursuing since its inception, - which is the dissemination among the public at large of sound views of science and of an adequate and correct appreciation of the methods by which truth generally is reached. Of these methods, mathematics, by its simplicity, has always formed the type and ideal, and it is nothing less than imperative that its ways of procedure, both in the discovery of new truth and in the demonstration of the necessity and universality of old truth, should be laid at the foundation of every philosophical education. The greatest achievements in the history of thought -Plato, Descartes, Kant - are associated with the recognition of this principle. But it is precisely mathematics, and the pure sciences generally, from...
