Reviews

This pdf is indeed gripping and interesting. It is definitely simplistic but shocks within the 50 percent of your book. Once you begin to read the book, it is extremely difficult to leave it before concluding.

ACHIEVING A WORLD WITHOUT VIOLENCE: THE WEDOPEACE HANDBOOK

Createspace Independent Publishing Platform, United States, 2016. Paperback. Book Condition: New. Jean Roosenberg (illustrator). 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.At first glance, this handbook seems to look like just another self-help book for those seeking a way to deal with conflict such as a local bully who is tormenting them in school or at work; but as we all know looks can be deceiving! No doubt those needing a means to deal with such a bully will find help by learning and applying the nine basic peacemaking skills identified, described and illustrated in Part I; using the nine letters of WE DO PEACE as a reminder of each one. Even if this handbook ended at this point it would still have served those seeking help in handling conflict in their lives by providing them with an easy way to remember the basic peacemaking skills needed to resolve one-on-one disputes in a rational, non-violent way. These skills highlighted by authors Sharon Ernst Walter Sylvester and effectively illustrated by Jean Roosenberg are not new in the field of conflict resolution. The Conflict Resolution Network based in Australia has been instrumental in developing, promoting and implementing them on that continent over the decades; and has been effective in spreading them globally through adherents who have adapted and used them to deal with all kinds of conflict in all manner of situations and venues. Part II does indeed separate this handbook from most other self-help books in that it extends the scope of self-help to others by introducing us to the concept of WeDoPeace Communities. The authors show us how we can transform our village, town or city into a WeDoPeace Community by the taking of two steps: First, by having our school systems adopt...
