## GROWN BY THE WICKED MOON

Createspace, United States, 2014. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Grown By The Wicked Moon is the first short story collection from Staffordshire writer Jessica Grace Coleman (author of the Little Forest series of mystery novels), and features 14 weird and wonderful tales. This book delves into the dark lives (and deaths) of a wide range of characters, with a little bit of horror, a dash of fantasy and a pinch of humour thrown in for good measure. It will take you from a seemingly doomed girl lost in the woods to a disturbing business transaction, from a writer whose made up characters are a little too realistic to a spurned woman on a mission, from a mysterious hero in a small town to a bored ghost who finds out that death isn't all it's cracked up to be. Whether you read this collection as a whole or dip in and out whenever you want to read a short snippet of spookiness, there's a story for everyone. All of these tales have elements of darkness in them, and all of them were written on cold, gloomy, wintry evenings, where they were cultivated under the steady gaze of the black night sky. These stories were grown by the wicked moon. Want a Free Book? How About Two?
