The University of Chicago Press, United States, 2016. Paperback. Book Condition: New. Reprint. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.We all know that higher education has changed dramatically over the past two decades. Historically a time of exploration and self-discovery, the college years have been narrowed toward an increasingly singular goal career training and college students these days forgo the big questions about who they are and how they can change the world and instead focus single-mindedly on their economic survival. In *The Purposeful Graduate*, Tim Clydesdale elucidates just what a tremendous loss this is, for our youth, our universities, and our future as a society. At the same time, he shows that it doesn't have to be this way: higher education can retain its higher cultural role, and students with a true sense of purpose of personal, cultural, and intellectual value that cannot be measured by a wage can be streaming out of every one of its institutions. The key, he argues, is simple: direct, systematic, and creative programs that engage undergraduates on the question of purpose. Backing up his argument with rich data from a Lilly Endowment grant that funded such programs on eighty-eight different campuses, he shows that thoughtful engagement of the notion of vocational calling by students, faculty, and staff can bring rich rewards for all those involved: greater intellectual development, more robust community involvement, and a more proactive approach to lifelong goals. Nearly every institution he examines from internationally acclaimed research universities to small liberal arts colleges is a success story, each designing and implementing its own program, that provides students with deep resources that help them to launch flourishing lives. Flying in the face of the pessimistic forecast of higher education's emaciated future, Clydesdale...
