SAGE Publications Inc, United States, 2007. Kit. Book Condition: New. 6th Revised edition. 274 x 212 mm. Language: English . Brand New Book. Increase the probability of success! Political Science Research Methods, 6th Edition : Don t let an introduction to research methods be your students least favorite (and most intimidating) political science course. Relevant, timely, insightful, comprehensive, and always mindful of their student audience, the authors have revamped their popular text so that the sixth edition is friendlier and more intuitive than ever - the perfect gateway to understanding not just the how but also the why behind research into politics. Helpful hints feature boxes give students nuts-and-bolts reminders they can refer to when they conduct their own research or assess the work of others. New to this edition includes: New examples of political science research in Chapter 1, including a case on judicial decision making and current research into public opinion on the war in Iraq. Expanded discussion of theory in Chapter 2, showing how competing paradigms can be applied to the same topic of study. Substantially updated discussion of survey research including coverage of Internet polling...
