Filesize: 1.85 MB

Reviews

Very useful to any or all type of people. This is certainly for those who statte there was not a worth reading through. You can expect to like how the writer write this pdf.

(Dr. Rashawn Lang)

DISINFECTION AND DISINFECTANTS: A TREATISE UPON THE BEST KNOWN DISINFECTANTS, THEIR USE IN THE DESTRUCTION OF DISEASE GERMS, WITH SPECIAL INSTRUCTION FOR THEIR APPLICATION IN THE COMMONLY RECOGNIZED INFECTIOUS AND CONTAGIOUS DISEASES (CLASSIC

Forgotten Books, United States, 2016. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Disinfection and Disinfectants: A Treatise Upon the Best Known Disinfectants, Their Use in the Destruction of Disease Germs, With Special Instruction for Their Application in the Commonly Recognized Infectious and Contagious Diseases Progress has been made in the process of disinfection during recent years. We are coming to understand more and more every day the germ theory, or the science of bacteriology, and to appreciate that a great deal of disease is preventable because its cause may be eradicated by the proper use of disinfectants the properties of which are fully understood. So far as the publishers are aware, however, there is at this time no concise work treating of the modern methods of disinfection which have been brought into very common usage since the introduction of formaldehyde in its various forms. To meet this want the little book which follows was suggested and the author, who had enjoyed ample opportunity for practical tests and wide observation and study of the best methods employed, was selected to prepare this volume. How well he has done his work the reader is left to judge. It may be added that in its compilation he has been guided by a desire to give all who may be called upon to do disinfecting under the direction of village and town boards of health, and to the embalmer especially who is more and more being called upon to perform this important duty for the living while caring for the dead, a concise, readily understood and at the same time comprehensive and reliable guide. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at...
